The Complete Solution For Cost-Effective Facility Maintenance Solutions.

PMM's goal is to provide cost-effective facility maintenance solutions that transform issues into a competitive advantage. Building owners and property managers have made significant investments in their physical assets-their buildings, plants and campuses. Those assets need to be properly maintained to operate efficiently. A well-maintained facility provides occupants with a safe, productive and healthy environment while creating lasting value.

- * PMM Building Engineers perform routine and long-term preventive maintenance on building systems to keep them at optimum operating levels.
- * PMM is led by seasoned Building Engineers with extensive experience in facilities management.
- * We aggressively work to improve facility management programs
- * We utilize more efficiently existing resources to reduce operating costs and save our clients money.
- * Our Facility Maintenance and Management Division offers a variety of service arrangements for the smallest office suite up to an entire building.
- * Staffing is custom tailored to meet your needs.
- * Building Engineers are available for the smallest to largest jobs as a cost-effective facilities maintenance and management solution.
